

Madan Bhandari University of Science and Technology

Research Proposal Preparation Workshop

Madan Bhandari University of Science and Technology (MBUST) organized a Research Proposal Preparation Workshop for its staff. The objective of the workshop was to enhance the capacity of the staff in developing research proposals. To enhance the effectiveness of the workshop, the workshop is organized in three sessions separated by the preparation time required for subsequent sessions. The first session of the workshop was held on March 28, 2023, at Center of Energy Studies, Institute of Engineering (IOE), Pulchowk. Resource persons for the first session and the topic of their presentations are as follows:

Prof. Sudarsan Raj Tiwari, Trustee, MBUST; Former Dean, IOE - Proposal writing practices and common weakness; and experience sharing

Prof. Pramod Kumar Jha, Central Department of Botany, Tribhuvan University - Good proposals, Proposal evaluation considerations; and experience sharing

Dr. Deepak Kumar Khadka, Senior Research Fellow, Policy Research Institute - Research Proposal writing format and its important components

The purpose of the first session was to provide guidance for the preparation of good research proposals in their areas of interest aligned to the priorities of MBUST. The participants will prepare and submit their proposals for review by resource persons within three weeks. The proposals should be suitable for seeking research grants from specific research funding agencies. In the second session of the workshop comments on the proposals will be shared with the participants for strengthening their proposals. Revised proposals from the participants will be submitted to the resource persons ahead of the third session. The participants will present the proposals in the third session. Participants and resource persons will provide further comments on the revised proposals. The workshop organized by Prof. Sanjay Nath Khanal, MBUST. The participants are Dr. Bhushan Shrestha, Mycology; Dr. Sabina Shrestha, Biotechnology; Anupama Shrestha, Plant Pathology; Sudip Pandey, Environmental Science; and Rameshwar Rai, Horticulture.
