

**Invitation for Applications for Admission to the Master of Applied Science and PhD
Programs (*Subject to Availability of Vacant Seats*)**

July 11, 2025

Interested applicants who were not able to apply for the MBUST programs by the application call deadline of July 9, 2025 *may still apply*. As mentioned in the Call for Applications, the applications received after the deadline *will be considered for the remaining seats*, which will be made public on August 2, 2025.

The status of applications received by the deadline is presented below for reference. It should be noted that some applicants may not meet the admission criteria, and some qualified applicants may choose not to get admitted, which may result in some seats remaining vacant.

Application Received by Deadline (July 9, 2025)
